

What does **MATH** look like...

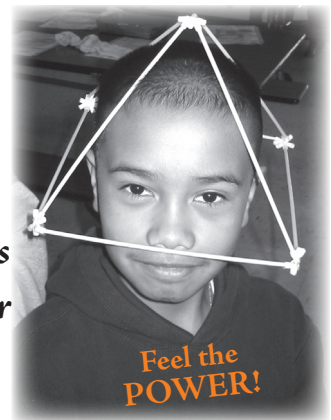

...when it takes over a **WHOLE SCHOOL?**

Discover the California Mathematics Council's
MATHEMATICS FESTIVAL
PROGRAM* ... and see for yourself!

A new way to celebrate mathematics in your schools

- A festival-like math experience for EVERY K–8 student
- Standards-based activities for ALL levels and abilities
- Positive, diverse, hands-on, self-motivating, and FUN
- OUTREACH Festival programs for parents and families
- Emphasis on CRITICAL mathematics topics and concepts
- THREE Festivals available: Algebra, Geometry, & Number
- Includes flexible CURRICULUM for K–8 classrooms
- Coordinated Math Festival teacher INSERVICE available
